

## Advantage Release 6.93.00

Release Date: 08/25/2024

### Fixed Issues

---

807	AdAssist Report Rewrite	Created a Check Writing Approval report that includes options for Paid and/or Unpaid by Client. This report is meant to qualify open accounts payable for a payment based on the payment received by the client.
2437	Broadcast Schedule Report	Created Daypart Summary export from the Broadcast Worksheet into the Broadcast Schedule Report.
3096	Advantage Security Setup	Fixed a bug where an Admin was unable to delete a particular user from User Security.
3290	Media Current Status Report	Added the ability to select and/or filter the report by client PO, Campaign, and Order Number.
3291	AdAssist Report Rewrite	Created Service Fee Reconciliation reports with Time Cost, allowing users to compare their service fee revenue to their employee time costs.
3317	Finance & Accounting → Reports → Client P&L	Added a report criteria option to display the direct service cost either by function or by department.

3325	Billing Worksheet Production Dataset and Reports	Added the job component budget amount to the header of the report and as a column in the dataset.
3333	Finance & Accounting → Reports → Accounts Receivable Reports → Accounts Receivable Aging Reports	Added the ability in the selection criteria to be able to select by Client/Division/Product.
3334	AdAssist Report Rewrite	Created Accounting Reports/Invoice Paid by Client (Commission Report) Compensation Basis by Client #1. The report displays the amount of income on paid invoices so that commission can be calculated.
3335	AdAssist Report Rewrite	Created Finance Reports Sales Tax Reports, version 5 is Received by Period. It displays how much cash receipts were collected that pertain to sales tax billed on the AR Invoices.
3347	AdAssist Report Rewrite	Created Month End Production WIP with employee costs, net outside purchases, hours bill amount, open purchase order amount, and deferred sales.
3349	AdAssist Report Rewrite	Added Media Current Status Report V102 to Advantage from Adassit where Orders Billed and Unbilled without AP.
3359	Client P&L Reports	Corrected an issue with the 01-Client Profit and Loss Detail with Billing and Cost of Billing By GL, where it was not displaying the GL account code.
